The Hays Area Children's Center Infant/Toddler Early Intervention Services received a \$350 grant from the Heartland Community Foundation on June 7 during the HACC monthly board meeting. The money will be used to promote family reading interaction with parents and children through early intervention services. It was presented by Mendi Alexander, chairwoman, and Bob Muirhead, vice-chairman of Heartland Community Foundation, an affiliate of the Greater Salina Community Foundation. Pictured are Doug Greer, HACC director; Mendi Alexander, Heartland Foundation; Beth Fisher, health services coordinator; and Emily Jackson, ECSE teacher.
